Vision - It is the shared vision of SFN and NLPS, our promise, that we will offer a present day portal; an entry way to a great house that fosters holism, interconnectedness and hope for the future.

Mission - We are to be **qwam qwum sta'uw**, a strong river that helps spread Snuneymuxw culture, goodness and belonging throughout this sacred territory.

As **shqwalaqwa** we are never alone. Each day we protect, help and care for each other. Our **snuwulh** is guided by **snuwyulh** and traditional Snuneymuxw values. We **'ushul** with bravery, and we know we belong.
